## TECHNOLOGY

### Market Analyst / Marketing Internship at Orion AI Tech

*Are you interested in **market research**, **strategic consulting**, **digital marketing**, and **brand development**? Orion AI Tech is offering internship opportunities for aspiring **market analysts** and **marketers**. Join us to gain hands-on experience, contribute to impactful projects, and sharpen your professional marketing and business strategy skills.*

#### About the Internship

- **Core Focus Areas:** Interns will actively participate in data-driven **market research**, **competitive analysis**, **digital marketing strategy development**, **brand positioning**, and **client engagement initiatives**. The role offers opportunities to develop and implement digital marketing campaigns, contribute to professional consulting projects, and gain practical exposure to business analytics and strategic planning.
  - **What to Expect:** Interns will engage in real-world marketing and consulting projects. Responsibilities include conducting **market research**, **performing competitor and industry analysis**, crafting digital marketing campaigns (*social media, email marketing, content creation*), contributing to brand strategy and client presentations, and analyzing performance metrics to inform strategic decision-making.
  - **Work Structure:**
    - **Hours:** A commitment of **4-8 hours per day**, totaling **25-40 hours per week**, is expected.
    - **Flexibility:** The schedule is **flexible**, with work primarily conducted **online**.
  - **Duration & Growth:** Internships typically span **3 to 6 months**, with the exciting possibility of **extension into a full-time role** based on performance and mutual fit.
  - **Compensation:** Both **paid and unpaid** internship positions are available.
-

## Who Is Sought

A strong foundation in technical concepts and a keen desire to learn are highly valued.

- **Academic Background (Preferred):** While not strictly compulsory, candidates from **Marketing, Business Administration, Economics, Communications, Management Sciences, Media Studies**, or other related disciplines are encouraged to apply.
- **Essential Skills & Commitment:**
  - **Analytical & Research Skills:** Ability to perform detailed market and competitor analysis, interpret data, and generate actionable insights.
  - **Marketing Fundamentals:** Familiarity with digital marketing tools (Google Analytics, SEO/SEM strategies, social media management, content marketing) is highly beneficial.
  - **Strategic Thinking:** Aptitude for developing strategic marketing campaigns, branding initiatives, and business strategy proposals.
  - **Communication:** Excellent written and verbal communication skills for creating professional content, presentations, and reports.
  - **Creativity:** Ability to conceptualize and implement creative and engaging marketing strategies.
  - **Proactivity:** Self-motivated, organized, and dedicated to achieving impactful marketing and business outcomes.
  - **Problem-Solving & Analytical Thinking:** A strong aptitude for breaking down complex problems, thinking critically, and devising innovative solutions.
  - **Commitment & Proactivity:** A high level of dedication, self-motivation, and a proactive approach to learning and contributing meaningfully to projects.
- **Mindset:**
  - A strong **willingness to learn** and continuously enhance skills is paramount.
  - Good **communication skills** for effective collaboration within a team.
